

Radiological Guidance and/or Supervision of a Procedure

Summary of Logic Change:

Pay any provider for the professional component of the attached codes for radiologic guidance of a procedure.

Eligibility:

Codes from the radiology section of the Current Procedural Terminology (CPT) manual designated with the word "guidance" in the narrative.

Rationale:

CPT allows separate reporting of the radiology guidance portion of a procedure with the primary procedure. Payment is made for the professional component associated with the code on the current fee schedule. It is not necessary to report the -26 modifier on these codes. Payment will equal the profession component regardless of the addition of the modifier.

Disclaimer:

Eligibility, benefits, limitations, exclusions, precert/referral/coverage requirements, provider contracts and specific medical policy still apply to these changes in reimbursement rules. This change does not supercede these other product requirements.
